## *Completion of selected IBM specialized courses*

Dear Prannoy

It gives me great pleasure in acknowledging that you have completed 8 Subjects from our B. Tech. CSE (with Specialization in Cloud Computing and Virtualization) Program.

While this is only a partial fulfillment of the complete Program, we believe that you are now all set to embark on a long and never ending journey towards learning and enhancing your skills under this discipline.

The courses that you have successfully completed are as follows:

Course Code	Title
IBM-101	Introduction to Open Source & Open Standards
IBM-102	Introduction to PHP using IDE
IBM-221	Introduction to Virtualization Technology
IBM-300	Web Application Server and Advance PHP
IBM-350	Dynamic Paradigm in Cloud Computing Technology
IBM-351	Cloud Computing Techniques
IBM-352	XML Programming
IBM-100	ICE Platform (iCos)

I hope you enjoyed these courses. Here is wishing you all success for a bright and enriching career ahead.

Rajani Radhakrishnan
Program Manager,
STG Technical University Initiative,
IBM Growth Markets Unit,
Bangalore (India).
